**Note:**

Having grown up in three of the most diverse places in the World. I have had the opportunity to experience and enjoyed stories and people from all kinds of walks of life. Some tragic, most happy, and every one unique. I feel like being able to relate to these stories is what makes me a unique and special actor. Passionate about acting from a young age. I had the blessing of having fantastic acting and T.V. Production professors and music allowed me to be on stage constantly repping Love, goodness, and Earth. I am someone known to be of uplifting spirit, respectful, and with a solid work ethic and professionalism that you can always expect on set. I am grateful for this opportunity and I will not disappoint you on set. Thanks for your time and consideration. I am fully committed to this career and I am willing to travel or shoot in remote locations if necessary even if it is for long periods of time. Thank you for your consideration.
